

PDC Services, Inc. and Area Disposal Service, Inc.

March 25, 2020

Our Valued Customer:

At PDC® and AREA®, the health and safety of our employees, customers and communities are the highest priority. As concerns continue to grow with the COVID-19 outbreak, we are committed to this promise. During this time of uncertainty, we are taking guidance for our daily procedures from the Center for Disease Control (CDC), National Waste and Recycling Association, the Solid Waste Association of North America, and other government agencies.

We currently do not expect any changes to your waste collection schedule. In all communities serviced by AREA® bulky-item collection is suspended until further notice. Bulky items such as mattresses and old furniture that cannot be containerized will not be collected during this time. This is a precautionary measure aimed at protecting our workforce. All trash should be bagged and/or containerized.

To help protect our employees, we are no longer accepting walk-in payments at any locations or offices. Please use on-line bill pay or call to make a payment during regular business hours. We also ask that you refrain from interacting with any of our drivers and keep all garbage contained in garbage bags, especially bathroom waste. All recycling must be in a cart and/or container for collection, you do not need to bag recyclables – rinse all tubs, jugs, jars, and cans! For further questions, please contact your local office.

We will continue to monitor any further developments of the outbreak and keep our customers informed as information becomes available. Please follow us on Facebook for the most up to date information. Thank you for your patience and understanding as we navigate this difficult time to protect our employees and the community.
